

EFFECTIVE LEADERSHIP ACCOUNTABILITY IN PRACTICE

OVERVIEW

Our 1-day accountability workshop offers a toolkit that enables leaders to understand, discuss and grapple with the concept of accountability within their current business context. Making use of simple frameworks and tools, real-life scenarios, and practical exercises, we help leaders learn how to foster a culture of sustainable contribution and accountability within and across their teams.

KEY OUTCOMES

A clear and collective understanding of what accountability means in your context

A practical framework to set fair and appropriate standards to hold people accountable against

An increased ability to have difficult conversations and hold others accountable

WHO SHOULD ATTEND

Individuals who are responsible for leading and managing people and/or teams.

DURATION

One full day.

DETAILS

Facilitated virtually or in-person.
